

BEEM - Android XMPP - Bug #220

Plantage lorsque l'on tente de modifier les paramètres après une annulation de connexion

11/20/2009 04:22 PM - Jean-Baptiste Vergely

Status:	Closed	Start date:	11/20/2009
Priority:	Normal	Due date:	
Assignee:	Frédéric Barthéléry	% Done:	100%

Target version:	0.1	Locale:	
Affected version:			
Description			
Problème, lorsque l'on arrive sur la page de connexion de BEEM et que l'on effectue la manip suivante: <i>touche retour</i> (annulation de la connexion) > <i>menu</i> > <i>settings</i> > Modification des paramètres > <i>login</i> . Normalement il se passe rien, pas de reconnexion ni rien. Si on tente de re-rentre dans le menu, l'appli plante mais pas complètement car on reste sur BEEM. rapport d'erreurs: 11-20 16:20:27.814: WARN/dalvikvm(807): threadid=3: thread exiting with uncaught exception (group=0x4000fe70) 11-20 16:20:27.814: ERROR/AndroidRuntime(807): Uncaught handler: thread main exiting due to uncaught exception 11-20 16:20:27.934: ERROR/AndroidRuntime(807): java.lang.RuntimeException: Unable to stop activity {com.beem.project.beem/com.beem.project.beem.ui.Login}: java.lang.IllegalArgumentException: Service not registered: com.beem.project.beem.ui.Login\$BeemServiceConnection@43744198 11-20 16:20:27.934: ERROR/AndroidRuntime(807): at android.app.ActivityThread.performStopActivityInner(ActivityThread.java:2905) 11-20 16:20:27.934: ERROR/AndroidRuntime(807): at android.app.ActivityThread.handleStopActivity(ActivityThread.java:2948) 11-20 16:20:27.934: ERROR/AndroidRuntime(807): at android.app.ActivityThread.access\$2100(ActivityThread.java:112) 11-20 16:20:27.934: ERROR/AndroidRuntime(807): at android.app.ActivityThread\$H.handleMessage(ActivityThread.java:1708) 11-20 16:20:27.934: ERROR/AndroidRuntime(807): at android.os.Handler.dispatchMessage(Handler.java:99) 11-20 16:20:27.934: ERROR/AndroidRuntime(807): at android.os.Looper.loop(Looper.java:123) 11-20 16:20:27.934: ERROR/AndroidRuntime(807): at android.app.ActivityThread.main(ActivityThread.java:3948) 11-20 16:20:27.934: ERROR/AndroidRuntime(807): at java.lang.reflect.Method.invokeNative(Native Method) 11-20 16:20:27.934: ERROR/AndroidRuntime(807): at java.lang.reflect.Method.invoke(Method.java:521) 11-20 16:20:27.934: ERROR/AndroidRuntime(807): at com.android.internal.os.ZygoteInit\$MethodAndArgsCaller.run(ZygoteInit.java:782) 11-20 16:20:27.934: ERROR/AndroidRuntime(807): at com.android.internal.os.ZygoteInit.main(ZygoteInit.java:540) 11-20 16:20:27.934: ERROR/AndroidRuntime(807): at dalvik.system.NativeStart.main(Native Method) 11-20 16:20:27.934: ERROR/AndroidRuntime(807): Caused by: java.lang.IllegalArgumentException: Service not registered: com.beem.project.beem.ui.Login\$BeemServiceConnection@43744198 11-20 16:20:27.934: ERROR/AndroidRuntime(807): at android.app.ActivityThread\$PackageInfo.forgetServiceDispatcher(ActivityThread.java:839) 11-20 16:20:27.934: ERROR/AndroidRuntime(807): at android.app.ApplicationContext.unbindService(ApplicationContext.java:843) 11-20 16:20:27.934: ERROR/AndroidRuntime(807): at android.content.ContextWrapper.unbindService(ContextWrapper.java:312) 11-20 16:20:27.934: ERROR/AndroidRuntime(807): at com.beem.project.beem.ui.Login.onStop(Login.java:107) 11-20 16:20:27.934: ERROR/AndroidRuntime(807): at android.app.Instrumentation.callActivityOnStop(Instrumentation.java:1245) 11-20 16:20:27.934: ERROR/AndroidRuntime(807): at android.app.Activity.performStop(Activity.java:3564) 11-20 16:20:27.934: ERROR/AndroidRuntime(807): at android.app.ActivityThread.performStopActivityInner(ActivityThread.java:2902)
