

BEEM - Android XMPP - Bug #421

Chats show HTML tags

03/19/2012 05:10 PM - Anonymous

Status:	New	Start date:	03/19/2012
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:		Locale:	
Affected version:	0.1.7		
Description			
I just installed Beem v. 0.1.7 on my LG Optimus S running Android 2.3.3. When chatting an AIM contact (who is using Adium) via my Google Talk account and using OTR, the chat messages I receive contain HTML tags (i.e. <html>Hello</html>).
